

The Highest Standards. The Happiest Customers.

I was introduced to Spyce Interiors through a common friend in the year 2009 and since then there has been no looking out for another vendor for kitchens. Murali and his team stands tall with professionalism, integrity and being ambitious. When work is handed over to Spyce Interiors, I am rest assured that even an inch of detail is taken care of with precision to the clients' needs and satisfaction.

- Ar. Anupama, Acanthus

We have used the services of Spyce Interiors in a couple of our projects and the women in the home are quite happy. We thank Murali H.N. and his team for understanding the requirements of the owners and then submitting a design which enhances the dream of the user and deliver the same on time. Kham design definitely endorses the services of Spyce Interiors.

- Ar. K.S. Chetan, Kham Design

"Spyce Interiors" is the perfect place which offers the solution for the ladies to reach their Man's Heart & a delight of variety for the Architects like us. I have personally experienced his products & services for my projects. I'm glad to mention this that I have no regrets & would love to refer them to all my upcoming clients too. I would call Spyce Interiors as "PEOPLE'S BRAND" & Mr. Murali as "BRAND AMBASSADOR" for Quality, Comfort & Elegance.

- Ar. Aniket Sirpotdar,
Managing Partner, Design Plus

Our kitchen, wardrobes and utility area cabinets are all done by Spyce Interiors in the year 2013. Till date we have not faced some of the common problems everyone is facing like alignment, spacing, peeling off in edges, termites or ants problems. We are very much satisfied about their workmanship, designing, planning and mainly pricing also. They even spoke to our builders to do small changes which have helped us a lot in its utility and ergonomics.

- Kumar Aragam & Sreedevi

Accessories & Appliances Partners

Quality is at the core of everything we do. Hence, we source only the best raw materials and fittings from across the world. We've tied up with top-notch national and international manufacturers to give you quality kitchens supported by top of the line technology.
